

Can you make a film about looking for answers without talking to Eva Joly?

It turned out to be rather easy to get Eva Joly to speak with us. In spite of a hectic schedule she took the time out to meet us and I think it's fair to say that this gracious lady was a pleasant surprise.

She took the time to chat and tell us what she thought were the priorities in fixing the international community, Eva Joly is clearly a lady with big ideals.

Now, of course we met with Joly to get her impression of the Icelandic reality and how she pictures the future of Iceland and the Icelandic people. Eva Joly did at least get us optimistic that justice will prevail, eventually.
